The Manager  
ASX Announcements

Dear Sir,

### **Lincoln Minerals Limited and Centrex Metals Limited confirm mutual arrangements**

The Board of Lincoln Minerals Limited (ASX code: LML) is pleased to announce that it has signed a Coordination Agreement with Centrex Metals Limited ("Centrex") over exploration and mining licences on Eyre Peninsula held by the Companies. Essentially, Centrex hold the ferrous (iron ore) mineral rights over the licences they hold and Lincoln Minerals holds the non-ferrous mineral rights in respect of those tenements. The Coordination Agreement expands on an existing Heads of Agreement and a Supplementary Agreement that the Companies signed in 2005 and 2006 respectively and serves the purpose of:

- Detailing procedures and protocol for interaction of ferrous and non-ferrous minerals exploration over the licences; and
- Providing the high level principles for developing economic mineral deposits discovered by either Company.

Lincoln Minerals Limited holds a number of tenements on the Eyre Peninsula region in its own right which are not affected by these arrangements.
